

1 surgery, 1 cost, 1 recovery, 1 great result.

{ Introducing Aesthetic Packages at Town Center Surgery }

The Eyes Have It -

A personalized combination of procedures including surgical eyelid and/or brow lift, micro-fat transfer, and peels refresh the eye area and restore a more youthful appearance to the most expressive features of your face.

A Little Lift Please -

The combination of tightening skin along the jawline and around the nose and mouth with a mini facelift and laser rejuvenation is the perfect way to keep a smooth, natural appearance in your mid-face.

Keep Your Chin Up -

A neck and facelift combined with liposuction and micro-fat transfer may be just what you need to achieve the ultimate in facial rejuvenation.

Dr. Marc Lussier uses state-of-the-art techniques to achieve the result you've hoped for at a more affordable cost and with less downtime.
